DEADLINE FOR OPEN ENROLLMENT APPLICATION - MAY 1

ADMINISTRATIVE REGULATIONS & APPLICATION PROCEDURES

1. Parents requesting to have their children attend an alternative elementary school within the district for the next school year must submit an application for this placement between March 1st and May 1st of each calendar year to the superintendent. This application is required for new requests only.
2. Applicants shall be considered according to date of application on a first-come, first-served basis; however, students enrolled and/or living in the attendance area of a school building shall be given preference over applicants.
3. Applicants may be rejected for one or more of the following reasons as provided by Section 3313.97 of the Ohio Revised Code:
 - A. If grade level/course capacity reaches reasonably accepted limitations. * Elementary Class Sizes (PK-6) will not exceed 25 students
 1. These limitations shall take into consideration the special education students being mainstreamed into regular classrooms.
 2. Administration reserves the right to add or reduce classrooms as dictated by enrollment to minimize busing of students from one elementary attendance area to another. These changes will be made prior to the processing of transfer requests.
 - B. If a student enrolled or living in the attendance area of a school building would have to be displaced.
 - C. If a student has been suspended or expelled for ten or more consecutive days during the school year in which the application has been made.
 - D. If minority balance of either the sending or receiving school would be negatively impacted, then the superintendent shall have individual discretion in this matter.
4. To maintain continuity of programs and prevent displacement of students from their elementary school of residence, students must remain in the new school the entire year.
5. Parents shall be notified by the superintendent of the application acceptance or rejection during June in each calendar year. No transfers will be granted after this date until the next Open Enrollment.
6. Transportation of students transferred at parental request shall be the sole responsibility of their parents/guardians; however, existing bus routes may be utilized when convenient to assist parents in this process. River View Transportation Office must be contacted (824-3010) by the parent and busing arrangements must be approved by the Transportation Supervisor. However, transportation is the sole responsibility of the parent/guardian.
7. Students receiving special education services will continue to be assigned to schools where the services specified in the student's individualized education program are available.
8. The Board may, in accordance with the district's intradistrict open enrollment procedures, permit a student to permanently transfer to a school other than the student's assigned school so that the student need not apply annually.
